

Lancashire Boys & Girls Clubs

Young Leaders Training

This training weekend at Ormside Mill is for club members who are starting on the volunteering pathway. Throughout the time away, the group will work towards achieving the Sport Leaders UK Go Lead Award which is a nationally recognised and accredited leadership award. It is an introduction to leadership and the skills needed to deliver basic activity sessions under direct supervision. The learning is carried out through a range of practical activities with the culmination of putting it all into practice in an outdoor adventure setting
